

**UNITED PEOPLE 'S FRONT
STATEMENT ON "THE FUTURE OF THE TBVC STATE"
SUBMITTED TO WORKING GROUP 4 ON 6 FEBRUARY 1992**

1. The spirit of CODESA is that apartheid is not negotiable and must just be done away with, as it is undemocratically based.
2. The TBVC states are creatures and structures of apartheid.
3. To ensure that apartheid is done away with in all its ramifications, all its creatures and structures should go.
4. The United People's Front is, therefore, in favour and recommends the reincorporation of the TBVC states into South Africa.
5. The implementation of the reincorporation should be addressed as a separate undertaking by the machinery of CODESA.
