

SUBMISSION TO WORKING GROUP 4 BY THE NATIONAL PEOPLE'S PARTY

The National People's Party will support the TBVC states in their respective stands, whether it be in favour of reincorporation or otherwise. They must decide for themselves in the true spirit of democracy and the inalienable right of the people to self-determination about their future in the New South Africa.

It remains for us in Working Group 4 to work out the logistics of the respective moves to be made by the TBVC states and the Government, and the details of reincorporation or otherwise.
