From Adv. Chris de Jager  
Afrikaner-Volksunie,

#### SUBMISSION BY THE AVU TO THE TECHNICAL COMMITTEE ON VIOLENCE

1. A new and final cut-off date for general amnesty should be set and promulgated as soon as possible.
2. There is at present no room for so called political offences. Every party has the opportunity to partake in negotiations for a future constitutional dispensation.
3. Political motivation for the commitment of crime should no longer be regarded as a mitigating factor.
4. After due legal process, sentences imposed should be implemented and served.
5. All private armies or para-private armies should be disbanded.
6. Until such time as a new government is properly in place, the present government is solely responsible for the maintenance of law and order.
7. For the successful implementation of the above, the present government must be recognised by all parties as a legitimate government. No government labelled as illegitimate can successfully maintain law and order.
8. All political parties should work together to remove the maintenance of law and order from the party political arena.
